

Flâneur

FLÂNEUR WINES *are crafted from HAND-HARVESTED, ORGANICALLY FARMED grapes.*
After a NATIVE YEAST FERMENTATION, our wines are moved through the winery with
MINIMAL INTERVENTION, *and bottled UNFINED & UNFILTERED.*

2017 WILLAMETTE VALLEY PINOT NOIR

This wine was fermented in a variety of stainless steel tanks and one large oak vessel. After a native yeast fermentation, it was aged in a combination of 228, 60t, and 2300 L oak vessels. Light and fresh, and boasting a balance of tart red fruit and earthy characteristics, this Pinot Noir is an ideal match for many meals.... or simply enjoyable on its own.

2170 cases | Bottled August 2018

36% Whole Cluster | 3.65 pH | 5.1 g/L TA

13.7% ABV | 11 Months in Oak Barrels (11% New)

\$28 SRP

68% LA BELLE PROMENADE VINEYARD

Chehalem Mountains AVA

700-820' Elevation | Northeastern/Southwestern Exposure

Volcanic Soils (Jory/Nekia) Planted to Mixed Pinot Noir Clones

Dry farmed Using Organic Principles

La Belle Promenade is 33 acres of volcanic soils, with the western portion of the site consisting of a thick layer of fractured basalt. The vineyard was planted in 2014 to 26 acres of Pinot Noir, 5 acres of Chardonnay and 2 acres of Pinot Meunier. Due in part to its high elevation, this site allows for great diversity in concert with our other estate vineyard, Flanerie.

32% FLANERIE VINEYARD

Ribbon Ridge AVA

200-350' Elevation | Eastern Exposure

Marine Sedimentary Soils (Willakenzie Series)

Planted to Wadenswil, 667, 777 & Pommard Clones

Dry Farmed Using Organic Principles

The Flanerie Vineyard, planted in 2003 sits facing due east on the southern edge of the Ribbon Ridge AVA. The terrain is comprised of a thin layer of topsoil over a deep seam of marine sedimentary motherrock. These dry farmed vines produce intense wines with dark fruit and unique meaty/savory signature.
